**Journal of Natural History Museum** is a publication of Tribhuvan University, Institute of Science and Technology, Natural History Museum containing original articles which are peer-reviewed.

## **EDITORIAL**

We are elated to announce the release of the online version of the Journal of Natural History Museum-Vol 32. This publication is a display of resilience among the Nepalese scientific fraternity during the challenging times of COVID-19. It is an incredible win, and the delay in the annual publications can only be called a minor setback. This volume presents/assimilates seven significant research articles by notable contributors.

On behalf of the editorial board, I express my sincere thanks and gratitude to all the contributors as well as reviewers who volunteered their expertise and insights to the issuance of the journal. We seek your invaluable reviews and feedback for the betterment of the journal.

The online edition is available on our website [www.nhmnepal.edu.np](http://www.nhmnepal.edu.np). Authors can get their articles through online downloads.

Associate Prof. Ganesh Bahadur Thapa, PhD  
Chief Editor, JNHM, T.U.
